INTRODUCTION

The information provided in this report is derived primarily from documents developed at the time the District was formed and from data provided by the City or accessed through the City. The information sources include the Rate and Method of apportionment, annual budget, debt service schedule(s), fund balance(s) and special tax/assessment delinquency data. The development status, prepayments and historical information were accessed through the City and/or the developer and are maintained by Willdan Financial Services.

The Mello-Roos Community Facilities Act ("Act") of 1982 came about as a response to the lack of adequate financing for public capital facilities and services in the post-Proposition 13 era. State Legislators Mello and Roos sponsored this Bill, which was enacted into law by the California Legislature and is now Sections 53311 through 53368 of the California Government Code. The Act authorizes a local governmental agency, such as a school district or city, to form a Community Facilities District ("CFD") or ("District") within a defined set of boundaries for the purposes of providing public facilities and services. A CFD is formed for financing purposes only, and is governed by the agency that formed it.

A. FORMATION

On November 16, 2005, the City formed the District by the adoption of Resolution No. 05-334. The qualified electors within the District approved the levy of the special tax in accordance with the rate and method of special tax.

B. BOUNDARIES AND DEVELOPMENT SUMMARY

The District boundaries at formation were composed of sixteen parcels, spread throughout four noncontiguous areas. Nine of those parcels are located in a triangular shaped area bordered on the east by Road 28, on the north by Avenue 14, and on the southwest by the Southern Pacific Co. railroad tracks. One parcel is located west of Highway 145, bounded on the north by Avenue 13 and on the west by Road 26 1/2. Two of the parcels are located west of Granada Drive, being bound on the north by Cleveland Avenue. The remaining four parcels are located east of North Lake St., bounded on the north by B. Ellis St., and on the east by Merced St. Since District formation, the original parcels have subdivided. The boundaries of the District include all properties and parcels on which special taxes may be levied to pay for the costs and expenses of the services. Since formation, there has been five (5) annexations expanding the District.

There are currently nine hundred and forty-nine (949) developed parcels located within the boundaries of the District which are subject to Special Tax.

C. BONDS

There are currently no bonds issued for this District.

D. FINANCED FACILITIES

It is the intention of City Council to finance certain services that are in addition to those provided in or required for the territory within the District and will not be replacing services already available. The following is a general description of services provided by the District:

Police protection services and fire protection and suppression services, including but not limited to (i) the costs of contracting services, (ii) equipment, vehicles, ambulances and paramedics, fire apparatus, supplies, (iii) the salaries and benefits of City staff that directly provide police protection services and fire protection and suppression services and other services as defined herein, respectively, and (iv) City overhead costs associated with providing such services within the District. On each July 1 following the Base Year the increases attributed to salaries and benefits shall be calculated and limited to the increase based on the Annual Escalation Factor as provided in the Rate and Method of Apportionment of the Special Taxes. The Special Tax will finance services that are in addition to those provided in or required for the territory within the District and will not be replacing services already available. The Special Tax provides only partial funding for police and fire services.
